

HOPE. HEALING. HERE.

Cancer Patient Transport Car

The Marshall Cancer Resource Center transports cancer patients to and from appointments in El Dorado County.

Access to free transportation allows patients to receive the treatment they need.

Volunteer Drivers Needed

- Volunteers must be 21 years of age with three or more years of driving experience as well as a clean driving record.
- A physical exam must be passed and immunizations will be given at no charge to the volunteer.

"I thank you and the organization for the opportunity to serve Marshall's patients in this way. As a driver, it was more fulfilling than I ever could have imagined it could be. And I have come to realize how fortunate it was that I could play some small part in the wonderful program,"

AH, Volunteer Driver, 135 Hours

Marshall Medical Center is a drug-free workplace.
